# ABOUT PENANG

Emerging from its quaint laidback pace of the 1960s and 1970s, Penang underwent massive development in the 1980s and 1990s as its manufacturing industry emerged one of the largest in the region. Today, Penang is a thriving business and tourism hub in Northern Malaysia. Penang has consistently for the past few years been a choice location for foreign investors, a favourite travel destination and a top 10 place to retire in the world!

Penang's incomparable architecture, inspiring cuisine, colourful culture and sincere hospitality offers visitors an authentic and exceptional Asian experience.

The Pearl of the Orient has a favoured strategic position in Southeast Asia, located in the Straits of Malacca between Langkawi and Phuket up north, and Malacca and Singapore down south. This makes Penang a focal point for international direct flights from China, Indonesia, Singapore, Thailand, Hong Kong, Taiwan and Myanmar.

At the heart of Penang's vibrant economy and modernity is its unique multicultural heritage. Microcosms of South, East, and Southeast Asian communities have been living in Penang for generations, making the vibrant intersection of Asia's rich diversity a truly Penang experience.

On 7 July 2008, the historic enclave of George Town was inscribed as a UNESCO World Heritage Site. The inscription comes as a recognition of the city's unique architectural and cultural townscape, unparalleled to anywhere in Asia.

Big things come in small sizes, and Penang is no different. Malaysia's second smallest state packs a punch in the quality and quantity of group activities, venues and social tours that are available all year round for the enjoyment of your business guests. Unique to the state is its fascinating blend of cultures, rich heritage and natural beauty. Be it at a sandy beach, the heart of George Town's UNESCO Heritage Zone or in the dewy jungles of Penang Hill, it's always time to work hard and play hard.

## OUR PARTNER HOTELS

Here, upon Penang's balmy shores, stands the Eastern & Oriental Hotel – the first of the legendary establishments founded by the Sarkies Brothers who would go on to create such iconic landmarks as Singapore's Raffles and the Strand in Rangoon.

For over 131 years, the E&O has welcomed travellers from every corner of the world, delighting each with the colonial charm and grandiloquent elegance synonymous with one of Asia's truly great hotels.

Offering separate lounge and bedroom areas, capacious bathrooms with classic claw-footed long baths, and picturesque views of the Straits of Malacca lapping just beyond the verandah, each suite recaptures the essence of refinement from a bygone era.

For over a century, many of Penang's grandest functions, events, banquets and weddings have been celebrated at the E&O. The tradition is kept alive as the hotel continues to play host to the island's most notable business and private functions.

Acquired by the late Penang philanthropist, Tan Sri Loh Boon Siew in 1986, Bayview Georgetown is located right at the heart of the island's heritage enclave and night life, just a leisurely stroll from the commercial hub, quaint old-fashioned morning markets, shops, grand temples and the most historical places of the British colonial era.

With newly renovated and refurbished 333 rooms and suites spread over 16 Floors, a 500-seat capacity ballroom, 7 smaller function rooms and 4 food and beverage outlets, we are just minutes away from Penang's delights. From our doorstep you can literally walk through Penang's history, from the earliest Malay, Indian and Chinese shops, mosques, temples and old-time millionaires' homes of the British colonial era to the present, simply by exploring the little byways and side streets that abound around our front door.

After dark, a different Penang emerges as the lights come on all over the isle. From our revolving restaurant, the first of its kind in the country when it opened in 1978, and its open air sky bar, you can enjoy an all-round vista of Penang by night while dining or enjoying drinks from high above.
